

Children and Youth with Special Health Care Needs (CYSHCN) and Care Transitions in the Medical Home

Start a Care Transition Program

Roles and Responsibilities for Medical Home Transition

This table provides an example role and responsibility. Each nursing home should consider what the team needs to accomplish and how best to assign roles and responsibilities.

Name	Title	Roles, Responsibilities, and Tasks	Phone & Email
<i>Example</i>	<i>Pediatrician</i>	<i>Co-champion. Co-develop agendas. Lead trainings. Monitor transition program. Draft policies and procedures; obtain necessary review and approval for new policies and procedures. Help develop staff training. Review whether materials are used. Develop findings related to monitoring the transition program.</i>	<i>000-000-0000, name@organization.net</i>
